Short Essays

Please provide responses to all nine (9) sections in the short essay portion of this application. Descriptions can be in narrative or bulleted form. Many sections request descriptions about multiple points or areas of intervention. All areas should be addressed, even if to note that a particular area does not apply to your program (for example, the intervention is not part of your program offerings; initiative is in planning phase but not yet rolled out; data not available). Where applicable, please include a description of actions taken to address mental health disparities at your worksite(s) in terms of program use, health risks targeted, and difficulties in achieving your outcomes. Disparities may exist in terms of race, ethnicity, cultural background, gender, education, job type (salary vs. non-salary), job placement (office vs. factory vs. field), age, work location (headquarters vs. remote offices), or shift schedule.

Employee Survey Results

Please report employee survey data that reflect meaningful mental health issues and results. Be sure to include details indicating when employees were surveyed, sample size, population size, actual items used, and rating scales/response options. If available, share any trend data (i.e., changes over time). Reviewers may request additional information if clarification is necessary.

For example, your survey may address any of the following areas:

- **Employee satisfaction with mental health insurance benefits provided through the organization's health plan**
- **Employee satisfaction with mental health resources provided by the organization**
- **Employee stress levels**
- **The degree to which employees feel recognized, valued, and appreciated**
- **Employee satisfaction with the degree of involvement, autonomy, or control they have at work**
- **Employee satisfaction with the organization's flexible work arrangements and telecommuting practices**
- **Employee satisfaction with the organization's health and wellness practices**
- **Employee satisfaction with the organization's training and development practices**
- **The quality of employee relationships with their supervisors**
- **Overall job satisfaction, motivation, or engagement**
